List of CDC	<u>high risk</u>	ALLOWD	ALLOWD	NO	YES	NO	YES, if there is no valid proof of the test prior to entry	NO	YES
List of CDC	<u>particularly high risk</u>	NOT ALLOWED ¹	NOT ALLOWED ²	YES	YES	YES	YES	YES	YES
From third countries									
List of CDC	<u>low risk</u>	ALLOWD	ALLOWD	NO	YES	NO	YES, if there is no valid proof of the test prior to entry	NO	NO
List of CDC	<u>high risk</u>	ALLOWD	NOT ALLOWED ³	NO	YES	NO	YES	NO	YES
List of CDC	<u>particularly high risk</u>	NOT ALLOWED ¹	NOT ALLOWED ²	YES	YES	YES	YES	YES	YES

¹ - must have a digital test certificate (up to 01.09 EU, EEA, CH and UK testing proof) or, when entering from a third country, test results.

² - Paragraph 38.⁴⁹ of Cabinet Regulation

³ - Paragraph 38.⁴⁸ of Cabinet Regulation

The State Border Guard informs that from June 16, the procedure for entry into Latvia has been significantly facilitated for those persons who can present a Covid-19 certificate confirming the completion of vaccination against Covid-19 or recovered from disease.

A detailed explanation of the rules of entry and stay in Latvia within the framework of the Covid-19 restrictive measures can be found in the traffic light type table developed by the State Border Guard.

The State Border Guard draws attention to the fact that the information summarized in this table is applicable only to entry into Latvia. This means that any person has right to exit the country, following the general border crossing procedures and national guidelines for traveling to high-risk countries.

Exceptionally, the State Border Guard may grant an individual permit to cross the external border only to those foreigners who enter into the Republic of Latvia in accordance with the restrictions summarized in the table.
